Our Katrina experience was:

After just moving in a month before, we evacuated to Florida on Sunday. My husband came back to work on the CBC bed in Gulfport the day after the hit. I arrived a week later when it was more safe and lived in tents until 4th of July when we had to purchase a camper/trailer to live b/c FEMA wasn't coming & I found out we were expecting a baby.

Write something special that you would like Santa to bring you or your family:

First of all, like everyone else we would love to have a house sometime soon especially before my husband deploys overseas and I have to take care of newborn in a camper. But realistically, A real christmas =

Please use back or another sheet of paper, if you want to write more. We want to hear your story.

Return by November 30th to:

Mayor's Office, City of Waveland, P. O. Box 539, Waveland, MS 39576

tree to decorate and have some of Santas gifts in. Under the tree, bikes for the family so we can enjoy what's left of our beach and wonderful state. My husband could use some tools since all of his are gone to help us in the rebuilding process. He and I (when he's gone) could use a riding lawnmower since ours was damaged.
The kids could use some toys to play outside since it's really cramped in a camper. They could also use some clothes. Maybe some baby boy clothes (we just found out it's a boy) and some toys for the baby.

I know some of these things are expensive and impossible but it's fun to wish and write it down. Thank you for the help and thoughts.
